VALUE CREATION

WHY GOLD?

ROOTED IN CULTURE

Over thousands of years, gold has been the dominant currency of choice due to its unique ability to store value. Remaining stable and secure over the course of history.

DURABLE

Lasts thousands of years as it is the most non-reactive of all metals.

SIMPLE

Can be physically held in hand and easily broken down into smaller units of value, or safely stored with GNT.

INTRINSICALLY VALUABLE

Acts as an inflation hedge and preserves the real value of money. Providing security during times of uncertainty.

UNIVERSALLY UNDERSTOOD

Common across cultures as jewellery and as an asset that holds long term monetary as well as sentimental value.

LIQUID

Easy to buy and sell anywhere in the world in various denominations.
